WELCOME! 😊
2011 KIDZ CAMP SEASON
at HERITAGE HILLS

Kidz Camp at Heritage Hills develops the whole child through play and meaningful programs. Summer is prime time for kids to forget educational concepts. Studies found that children lose at least one month of instruction due to summer learning loss, meaning that they forget content already learned the previous year. By choosing Kidz Camp at Heritage Hills your child may have the needed edge for the upcoming school year. Finding meaningful activities, especially over the summer, is significant for children.

Learning is fun when integrated with real-life situations, no textbooks, and taught by a qualified, passionate, loving adult. In fact, the kids do not even realize they are learning. The human brain craves learning. It loves structure, new experiences, and novelty. At Kidz Camp, your child will be conducting gooey science experiments and learning about poetry through songs. They will have the opportunity to participate in writing lessons and photography labs that culminate into a camp newspaper. All of these are stimulating activities for kids and contain academic elements. Character education activities will guide your child in creating meaningful friendships, practicing good manners, being motivated to stick to one's morals and beliefs in the midst of peer pressure, and create a mindset of thinking of others. These activities offer children social skills often overlooked in today's technological world, which limits face-to-face social interactions. Life skills taught at Kidz Camp are equally as important for kids to learn such as team building, learning how to appreciate diversity and learning how to deal with stress. Most of all, our staff makes sure that all activities are fun! Due to the technology-saturated culture, children often have not experienced the fun of retro games like Kick the Can, Capture the Flag, water laser tag, and traditional board games. Kids that are engaged and physically active in meaningful summer programs are balanced and happy children 😊.

In addition to all of the programs offered at Kidz Camp, there are numerous enrichment activities such as dance, yoga, golf, UK soccer, arts and crafts, field trips to Bogey's Family Entertainment Center, gardening, and much more that are included at no additional charge. **Thank you for choosing Kidz Camp at Heritage Hills for your child's summer day camp!** We have an exciting summer planned for your child. Come meet our Kidz Camp staff at our "Meet and Greet" and take a tour of our camp. We ask that you arrive at the appointed time so that your child can participate in all the activities:

KIDZ CAMP MEET AND GREET
for Parents and Children
Saturday, June 11th from 10-12 AM

We cannot wait to meet your child! Feel free to email any questions that might come up before camp begins. **Please fill out the online pre-camp questionnaire and consents forms and bring it along with you to the "Meet and Greet" 😊.**
